

NEW!

The NEW SC4500 Controller Ready for Now. Ready for the Future.

SC4500 Controller vs SC200 Controller and Polymetron 9500 Controller

**SC4500
Controller**

**SC200
Controller**

**Polymetron
9500
Controller**

Basic Functionality

Compatible with Hach®'s Full SC Sensor Portfolio

Analog mA Output to PLC/SCADA

Digital Outputs

Modbus TCP/IP

Profibus DP

Ethernet/IP

Profinet IO

Sensor Options

Hach Controller Networking

Resource-sharing, Hach RTC compatibility, and more!

Embedded health and Maintenance Alerts

Prognosys Predictive Diagnostics

Instrument Monitoring Partnerships*

Let Hach experts alert you to potential issues with your instrumentation

Mobile Sensor Management*

Get remote visibility to parameter values, maintenance workflows, and more!

*Via Hach's Claros Water Intelligence System

Easy Adoption • No Time for Downtime • The Connectivity Options You Need
